and Technical Specifications.

On those smaller areas and big jobs, Dominator's and Stingray's high speeds are what you need for fast-set, full gloss, wet-look ...and dust-free floors.

'Dominator'

Designed specially for smaller areas, 'Dominator' delivers when speed and power is needed for difficult jobs.

Smooth, quiet operation, flexible pad system and easy operation makes creating and maintaining that 'wet look' shine with these workhorses easier and faster than you thought possible.

'Stingray'

Ideal for large area operations, 'Stingray's' 50cm pad width ensures maximum productivity.

Contour-following system for an even finish

Consistent, maximum floor contact is achieved with the flexible pad holder. The pad constantly follows the contours of the floor surface, ensuring a highly polished, dust-free floor every time.

Repairs micro scratches too.
(NOTE: Dominator is also available with a brush)

The Complete Dust Control System for dust-free floors

Polivac's 'Total Dust Control' (TDC) Vacuum System ensures a fast set and high-efficiency dust removal in one pass.

Maximum Operator comfort = maximum productivity

Lightweight and well-balanced with an adjustable handle, ergonomic hand grips and 'safety button' actioning triggers, Stingray's and Dominator's ergonomics deliver safe and comfortable control at all times. Lower profile and longer reach. Operators cover more square metres faster ...with no need to backtrack.

Over 120 Distributors in Australia, New Zealand and worldwide

Every Polivac product is backed by a national and international network, so you can be confident of service, repairs or parts supply being turned around ...fast!

Simply designed to be easy to service

The design of the machine makes for easy access to the belt, drive pulley and vac. inlet. No high service labour costs. Longer life. Reduces likelihood of costly repairs.

Powder-coated base easy to clean and highly durable

Stingray and Dominator look good on any site. Heavy-duty, non-marking bumper and skirt protects walls, fittings and the machine too!

Blackline bumper and skirt protects walls and furniture

Full wraparound bumper ensures greatly reduced risk of damage to fittings or the machine.
